Buy a fish...don’t be left behind!

Be part of a school of fish in a “river” connecting the Yellowstone Art Museum’s two exciting sites, and at the same time help the YAM grow. Between the main museum and the Visible Vault, an image evoking the Yellowstone River runs. Jump into the river with a fish of your own!

Since 1964, the Yellowstone Art Museum has provided excellence in the visual arts for everyone in south-central Montana. Each stage of our growth has been made possible by YOU, the members of our community. We invite you to continue that tradition and buy a fish for the river. Proceeds support capital improvements on the Yellowstone Art Museum site and outdoor interpretive signage.

Your fish will be a lasting reminder of your share in building a better future for the YAM and for yourselves: the community we serve. Thank you!
